Curiosity:

According to the PDO regulation, Pecorino Romano can be produced in many regions of Lazio, Sardinia and Tuscany. This has an historical reason: at the beginning on the '900 Pecorino Romano experienced a huge increase in sales, but Sopravvisana sheep's in Lazio were not enough to keep up with the demand for sheep's milk and, moreover, there were not enough space in Lazio to enlarge the farms. Then farmers looked for similar areas and similar sheep's races: Sarda race resulted to be the more suitable and Pecorino Romano started to be produced in Sardinia as well.

Lazio, Italy
